WORK EXPERIENCE

Full-Stack Developer
Freelancing

05/2023 - 08/2023

Roles, Responsibilities, and Achievements

- *Developed Customer Relationship Management (CRM) Application* , a contacts filtering system equipped with Excel/CSV data import-export capabilities.
- Engineered a rich collection of over 20 filters, empowering users to perform data analysis and filtration.
- Implemented differentiated user roles — administrator and employee — with distinct access rights, encompassing creation, editing, and search functionalities.
- Devised a dashboard for statistical analysis and dynamic graphical representations.
- Constantly worked with the client to understand the requirements and implemented a solution around it.
- Tech-Stack : Reactjs, Nextjs, Nodejs, Mongodb, Expressjs, AWS, Bootstrap

PROJECTS

Social Media App
Tech Stack : Reactjs, Redux, React-router, MaterialUI, Firebase

Link : https://github.com/shubh2101/social-media

Achievements/Tasks

- Developed a social media app with CRUD functionality.
- Implemented key features such as like, comment and bookmark to increase user engagement.
- Added the ability to visit users' profiles, follow and un-follow them, and search for specific users.

Food Order App
Tech Stack : Reactjs, CSS

Link : https://github.com/shubh2101/Foody-app

Achievements/Tasks

- Developed a responsive website that allows users to order their favorite meals.
- implemented the ability for users to browse a menu, add meals to their cart, and modify the contents of the cart.

Bankist App
Tech Stack : HTML, CSS, Javascript

Link : https://github.com/shubh2101/Bankist-App

Achievements/Tasks

- Developed a dynamic landing page based on modern front-end techniques, including lazy loading, smooth scrolling, sticky nav-bar, slider and tabbed component to provide a seamless user experience.

SKILLS

Reactjs · Javascript · Nodejs · Expressjs · MongoDB · Typescript · Redux · AWS EC2 · Nextjs · HTML5 · CSS · Bootstrap · Github · Git · Firebase · React Router · MaterialUI · Bulma · VS Code

COURSES

Reactjs : The Complete Guide (Udemy) - Maximilian Schwarzmüller

Nodejs, Express and MongoDB (Udemy) - Jonas Schmedtmann

The Complete JavaScript Course (Udemy) - Jonas Schmedtmann

The Javascript Bootcamp course (Udemy) - Colt Steele

EDUCATION

B.Tech in Chemical Engineering   75%
(08/2014 - 06/2018)
University of Petroleum and Energy Studies, Dehradun

Class XII   84%
(03/2012 - 03/2013)
Dungarpur Public School, Dungarpur (Rajasthan)

Class X   CGPA 10
(04/2010 - 04/2011)
Dungarpur Public School, Dungarpur (Rajasthan)
